791

CHAPTER I.

GENERAL.

His Highness the Maharaja Bhup Bahadur.—His Highness accompanied by His Highness the Maharaja of Jaipur arrived at Cooch Behar on 2nd January, 1935, when the State Courts and Offices, the Victoria College and the Schools were closed in honour of the occasion. At nightfall the Palace and State buildings and private houses in the town, were illuminated. His Highness left the State en-route to England on the 16th January, 1935. The day of His Highness' departure was observed as a holiday throughout the State.

8. **The Legislative Council.**—Three meetings of the Legislative Council were held during 1934-35 as against 4 in 1933-34. Act II of 1934, "The Cooch Behar Tenancy (Amendment) Act," Act III of 1934 "The Cooch Behar Revenue Sale (Amendment) Act" and Act IV of 1934 "An Act to remove all legal obstacles to the marriage of Hindu widows," were passed during the year under report.

9. On the Executive Side the Regency Council held 5 meetings as against 9 in the previous year.

10. **Demarcation of Cooch Behar-Rangpur Boundary.**—The demarcation of the Cooch Behar-Rangpur Boundary was completed last year and the joint report submitted by the Boundary Commissioners was accepted and approved. It was at first decided to erect 531 pillars along the Cooch Behar-Rangpur Boundary, but the number of pillars was eventually reduced to 376. The cost of erection was shared equally by the Cooch Behar State and the Government.

The demarcation of Cooch Behar enclaves in Rangpur, and of Rangpur enclaves in Cooch Behar, was taken up and completed within the year under report. The completion report, however, was not received until after the close of the year.

11. **Introduction of Rent Money Order System.**—With a view to facilitate the payment of rent, the Postal Authorities were moved to sanction the introduction of a Rent Money Order system in the State. The matter though advanced, was still pending at the close of the year.

12. A new form of lease was adopted during the year, in connection with the resettlement of areas in the Khas possession of the State. The new system involves the conclusion of separate agreements with the actual cultivators of the soil, who acquire an Occupancy Tenancy of their respective holdings but have no power to create undertenures or to alienate their land without permission.

13. **Settlement of Land with Missionaries.**—The Regency Council granted a lease of some land in Municipal limits to the Swedish Mission, to be used for residential purposes.

14. **New Rules for the award of Free Studentships and Scholarships in State Institutions.**—In supersession of previous orders on the subject, the Regency Council framed new Rules for the grant of free studentships in State Institutions. These are open to Cooch Behar subjects, the sons and daughters of State servants, and other permanent residents of Cooch Behar, eighty per cent. being reserved for Cooch Behar subjects.

Existing Rules for the award of Lower Primary, Upper Primary and Middle Scholarships were also modified.

15.—**Co-education.**—Five lady students attended the Victoria College—two in the 2nd year and 3 in the 1st year class.

There were 4 girl students in the Mathabhanga and 3 in the Mekligunj Higher English School during 1934-35.

16. **Duty on Gunja.**—During the year of report the Bengal Government having raised the duty on Gunja from Rs. 40-4 to Rs. 40-12 per seer, the State duty was enhanced accordingly under the terms of the agreement subsisting with the Bengal Government.

17. **Jute Restriction Propaganda.**—At the request of Government, the Regency Council took steps to disseminate propaganda in favour of the restriction of jute cultivation, on the lines adopted in Bengal.

18. **Baroda Loan.**—During the year under report a sum of Rs. 80,678 on account of principal and interest, was remitted to the Baroda State Bank in part payment of the debt due to that State. The principal outstanding at the close of the year, amounted to Rs. 38,560.

19. **The Pooneah Ceremony.**—The Pooneah Ceremony for the year 1341 B. S. was held on the 14th to 16th May, 1934, and was performed by Srijut Jatindra Mohan Sen Gupta, B. L., the late Revenue Officer, with due ceremony.

CHAPTER II.

FINANCE.

The Audit Department was under the control of Lt.-Colonel J. A. Brett, C. I. E., Vice-President, Agency Council, throughout the year under report, the direct charge of the Audit Office remaining with Sreejut Sumatha Ranjan Majumdar, Audit Officer of the State.

2. The original Budget Estimate for the year 1934-35 was framed with a Revenue of Rs. 24,76,297 and an Expenditure of Rs. 24,99,677, indicating a deficit of Rs. 23,390. Subsequently, when the Revised Estimate was prepared, it was found on the basis of actuals for the first few months of the year, that the Revenue had been under-estimated and it was, therefore, taken at Rs. 25,69,979. Expenditure for the year was also scrutinised, allotments being reduced where possible, and a provision of Rs. 80,678 being made for partial repayment of the loan due to the Baroda Bank. As a result of these changes the Revised Expenditure was estimated at Rs. 25,46,785. The margin between Revenue and Expenditure in the Revised Estimate thus anticipated a surplus of Rs. 1,23,194 instead of the deficit contemplated at the time of framing the original Budget. The actual Revenue and Expenditure for the year 1934-35 brought to account, were, however, Rs. 28,63,347 and Rs. 25,68,326, respectively, thus increasing the surplus to Rs. 2,95,021. The increase was mainly due to better collections of land Revenue; the result of stringent measures taken during the year under report.

3. The actual Revenue and Expenditure for the year under report and the important fluctuations under the various heads as compared with the figures of the preceding year are explained below :—

A.—REVENUE.

The Revenue for the year 1934-35 amounted to Rs. 28,63,347 against Rs. 24,89,554 in 1933-34 showing a net increase of Rs. 3,73,793 which is accounted for as follows :—

- | | Rs. |
|---|-------------|
| 1. <i>Land Revenue</i> —Due mainly to improved collections under “Ordinary Revenue” (+ Rs. 2,17,757), Shairat (+ Rs. 2,459), Rents from Khas Mehals (+ Rs. 70,922), and to transfer of receipts from Cattle Pounds from the Pound Fund to General Revenue with effect from the year 1934-35 (+ Rs. 12,455) | + 3,03,889. |

The increased collections of land-revenue in 1934-35 were due mainly to the following causes :—

- (1) Revenue sales for default in the Falgoon Kist ordinarily take place before the end of March, but in 1934-35 sales for defaults in the Falgoon Kist of 1933-34 took place in April, 1934 in the Mathabhanga and Sudder Sub-Divisions, with the result that there were four, instead of three, revenue sales during the year under report in the two biggest Sub-divisions of the State. For defaults in the Falgoon Kist of 1934-35, the revenue sales took place in March as usual in all the Sub-divisions.
- (2) A considerable number of Jotes which had been made khas from time to time under the Revenue Sales Act, were resettled or restored to the ex-jotedars during the year on payment of arrears of Revenue.

2.	<i>Excise</i> —Due mainly to increased receipts under “Sale of Opium” (+ Rs. 22,139), and Government Compensation (+ Rs. 2,296). The above increases were partly counterbalanced by short receipts under the heads “License Fees on liquors and drugs (—Rs. 16,522) and Miscellaneous (—Rs. 2,521)	Rs. + 5,892
3.	<i>Stamps</i> —Due mainly to short receipts under the head “Sale of Judicial and Documentary Stamps (—Rs. 84,752), and “Sale of Court Fee and Copying Fee Stamps” (Rs.—7,700), which is partly attributed to a decrease in litigation but mainly to the general state of economic depression prevailing in the State. There was also a decrease of Rs. 9,879 under the head “Service Stamps” as the previous system of making provision both on the receipt and expenditure sides of the Budget for the purchase and sale of Service Stamps, was discontinued in 1934-35. The system has, however, been re-introduced from the year 1935-36 for facility of control and accounting. The net decrease is thus Rs. 52,736	— 52,736
6.	<i>Jail</i> —Due to increased receipts under the head “Sale of Jail manufactures” (+ Rs. 3,963) mainly for materials such as durries supplied for the Shooting Camp during the year under report ...	+ 3,992
18.	<i>Debutter Department</i> —Due to improved collections attributable to the same causes as those stated under 1.—Land Revenue	+ 27,489
22.	<i>His Highness' Estates</i> :—	
(1)	<i>Chaklajat Estates</i> —Due to improved collections of rents and cesses as compared with the preceding year, owing to a rise in the price of paddy on which the tenants chiefly depend for payment of their rents ...	+ 73,359
(2)	<i>Darjeeling Estate</i> —Due mainly to increased receipt from the sale of securities belonging to the Darjeeling Fire Insurance Fund	+ 5,422

B.—EXPENDITURE.

CIVIL LIST—Due mainly to the exclusion of certain abnormal expenditure for purchase of motor cars etc. which swelled the actuals of 1933-34	-16,855
5. <i>Regency Council</i> —Due mainly to the reduced pay of the present Vice-President of the Regency Council	-16,627
6. <i>Private Secretary's Office</i> —Mainly due to extra expenditure (a) on account of overseas pay drawn by the Private Secretary in England (+ Rs. 1,964) and (b) on account of travelling allowance (+ Rs. 1,177)	+ 3,010
7. <i>Vice-President's Office</i> —Due mainly to saving in expenditure under Travelling Allowance (- Rs. 1,592) and Contingencies (- Rs. 1,042)	-2,920

5. *Revenue Department*—Owing to the introduction of certain changes in the form of Budget from that in vogue in 1933-34 and to the increase in the number of major heads under which the figures have been split up, a comparison between the actuals of 1933-34 and 1934-35 is rendered somewhat complicated. It is therefore necessary to consider the following heads together :—

	Actuals 1933-34. Rs.	Actuals 1934-35. Rs.
8. Revenue Department ...	80,693	46,564
9. Sub-Divisional Establishment ...		95,458
11. Survey, Settlement & Canoongoe Establishment.	14,426	9,588
15. Civil Justice ...	56,392	26,466
16. Criminal Justice ...	36,910	...
Total ...	1,88,421	1,78,076

The decrease of Rs. 10,345 is mainly due (1) to the abolition of the post of the Fouzdari Ahilkar and to the amalgamation of the office of the Fouzdari Ahilkar with the Revenue office to which full effect was given in 1934-35, and (2) to the exclusion of the abnormal expenditure of Rs. 5,983 incurred in connection with the readjustment of the boundary line between Cooch Behar and Rungpur, which swelled the actuals of 1933-34. Rs.

13. <i>Excise Department</i> —Due mainly to the fact that no expenditure was incurred during the year under report for purchase of opium, as opium worth Rs. 6,570 had been purchased during 1933-34 and the stock proved sufficient for the year 1934-35 ...	—6,625
17. <i>Jail Department</i> —Due mainly to extra expenditure for purchase of Raw Materials for Jail manufactures. There was a corresponding increase in receipt ...	+ 3,931
22. <i>Public Works Department</i> —Mainly due to no expenditure being incurred for original works as a measure of economy ...	— 32,686
25. <i>Electrical Department</i> —Due mainly to extra expenditure on remunerative works for extension of overhead lines ...	+ 6,929
30. <i>Stationery Department</i> .—Due to extra expenditure for the supply of stationery articles to all State Offices from a central store. A corresponding saving has been made in the Departments ...	+ 2,867
34. <i>Military Department</i> .—Due mainly to extra expenditure for purchase of Arms and Ammunitions e.g., Muskets, Guns etc. (Rs. 4,344). This was slightly counterbalanced by small savings under other sub-heads ...	+ 3,356

38. <i>State Ceremonials</i> .—Due mainly to abnormal expenditure incurred during previous year by the Household Department in paying the sum of Rs. 2,258 as Rukstana and Rozina's to the marriage deputation from Patiala which visited Her Highness the Maharani Regent in 1933-34	Rs. —2,253
39. <i>Pensions</i> .—Due mainly to the death of certain pensioners including Babu Rajani Kanta Bhowmik, late Fouzdar Ahilkar, and Babu Nagendra Prosad Roy, late Assistant Civil Judge	—2,284
40. <i>Allowances</i> .—Due mainly to the reduction of the allowance of Maharajkumar Victor Narayan from 1st November, 1934	—4,318
41. <i>Municipal Grants</i> .—Due mainly to increased grants to the Town Committees equivalent to those which they hitherto received from the receipts of the Cattle Pounds appropriated by the State during the year under report ...	+6,113
42. <i>Donations and Contributions</i> .—Due mainly to the discontinuance of certain contributions in 1934-35 and to savings under the head "Donations"	—4,088
43. <i>Repayment of Loans and Advances</i> .—Due to repayment in part of the principal and interest of the Baroda Loan (Rs. 80,678) and to adjustment of the State advance of Maharajkumar Victor Narayan (Rs. 4,000), corresponding to the saving effected by the reduction of his allowance	+67,168
50. <i>His Highness' Estates</i> .—

LOCAL FUNDS.

4. The total receipts and disbursements of local funds during the year under report amounted to Rs. 1,82,896 and Rs. 2,78,317, respectively, the transactions resulting in a debit balance of Rs. 95,421 which was met from the closing balance of Rs. 1,74,423 on the 31st March, 1934. The closing balance on 31st March, 1935 was thus (Rs. 1,74,423 - 95,421) = Rs. 79,002. But as the Bullion Account which was included in the Balance of Rs. 1,74,423 has been separated from the Local Fund Account in the accounts of 1934-35, to make the figures agree with those of the Treasury, the correct Balance on the 31st March, 1935 is (Rs. 79,002 - 5,302) = Rs. 73,700.

The transactions of the various Town Committees of the State during the year 1934-35 are shown below :—

	Opening balance on 31st March, 1934.	Receipts during 1934-35.	Disbursements during 1934-35.	Closing balance on 31st March, 1935.

Haldibari Town Committee ...	5,265	8,880	9,259	4,886
Mekligunj Town Committee ...	1	3,966	3,966	1

State grants to the Cooch Behar, Dinhata, Mathabhanga, Haldibari and Mekligunj Town Committees during the year under report were Rs. 10,221, Rs. 1,988, Rs. 3,899, Rs. 1,907 and Rs. 1,322 respectively.

5. **Deposits.**—The total deposits of the Cooch Behar State during the year under report were Rs. 72,410, while the amount repaid including those lapsed to the State, were Rs. 1,03,581, leaving a debit balance of Rs. 31,171 which was met from the credit balance of Rs. 87,330 existing at the end of the year 1933-34. Thus the amount lying at the credit of the Deposit Account on the 31st March, 1935 was Rs. 56,659.

The total deposits of the Chaklajat Estates during the year 1934-35 were Rs. 66,803, while the amounts repaid were Rs. 60,064 leaving a balance of Rs. 6,739. This with the credit balance of the Deposit Account (Rs. 18,794) outstanding at the end of the year 1934-35, (i.e. a total of Rs. 25,533) was lying at the credit of the Chaklajat Deposit Account on the 31st March, 1935.

6. **Advances Recoverable.**—

(a) The Cooch Behar State Advance Account opened with a credit balance of Rs. 1,37,908 recoverable on the 31st March, 1934. During the year under report advances to the extent of Rs. 31,182 were made. The total amount thus recoverable amounted to Rs. (1,37,908 + 31,182) = Rs. 1,69,090. Out of this Rs. 1,06,610 were recovered during the year, leaving an outstanding balance of Rs. (1,69,090 - 1,06,610) = Rs. 62,480. Out of this again a sum of Rs. 8,127 was written off under the orders of the Regency Council in letters No. 2227, dated the 13th February, 1933 and No. 554, dated the 23rd May, 1933, and in General Department letter No. 761, dated the 17th April, 1934. Thus the net balance recoverable on the 31st March, 1935 was Rs. 54,353.

(b) In the Darjeeling Estate, advances to the extent of Rs. 18,603 were made during the year 1934-35, while repayments amounted to Rs. 21,162. It will be apparent, therefore, that out of the balance of Rs. 9,966 recoverable at the end of the year 1933-34 a sum of Rs. 2,559 was recovered during the year 1934-35. The net balance recoverable on the 31st March, 1935 was Rs. (9,966 - 2,559) = Rs. 7,407.

(c) In the Chaklajat Estates, advances to the extent of Rs. 82,561 were made during the year 1934-35, while repayments amounted to Rs. 91,201. A sum of Rs. 15,934 was recoverable at the end of the year 1933-34 and thus the net balance recoverable on the 31st March, 1935 was (Rs. 15,934 - 8,640) = Rs. 7,294.

(d) The total permanent advances in the Cooch Behar State and the Chaklajat Estates on the 31st March, 1935 were Rs. 7,990 and Rs. 1,993, respectively.

7. **Miscellaneous Accounts.**—

(a) *Government of Bengal.*—During the year under report Rs. 15,50,539 were received and Rs. 18,19,835 were disbursed. Thus the account with the Government of Bengal which opened with a Cash balance of Rs. 7,38,233 on the 1st April, 1934 closed with a Balance of Rs. 4,68,937.

(b) *Chief Accounts Officer, Eastern Bengal Railway.*—The balance at the end of the year 1933-34 recoverable from the Chief Accounts Officer, Eastern Bengal Railway, was Rs. 1,01,445. The gross earnings of the Cooch Behar State Railway during the year under report were Rs. 3,52,833 against which Rs. 1,83,484 were received from the Chief Accounts Officer in Cash and Rs. 1,68,612 were charged as working expenses for the year 1934-35, leaving a balance of Rs. 5,737. Thus the net amount recoverable from the Chief Accounts Officer, Eastern Bengal Railway and accepted by him on the 31st March, 1935 was (Rs. 1,01,445 + 5,737) = Rs. 1,07,182.

8. **Cash Balance.**—The total actual Cash Balance on the 31st March, 1935, amounted to Rs. 11,41,525 in the Cooch Behar Treasury and to Rs. 1,21,547 in the Chaklajaj Treasury. The distribution according to the Books of the Audit Office is shown below :—

3. **Land Revenue.**—(a) The current demand of Land Revenue for the year under report was Rs. 18,37,487 and the arrear demand including Rs. 45,337 due to settlements concluded in the year under report with retrospective effect and corrections effected in the Touji registers was Rs. 23,56,022. The total demand thus amounted to Rs. 41,93,509. The total collection was Rs. 14,06,602 but as this amount includes excess payments amounting to Rs. 6,878 on account of future liabilities for Land Revenue the net collection for the year was Rs. 13,99,724. Remissions were granted for Rs. 4,25,139. The net amount credited against the total demand of Rs. 41,93,509 was thus Rs. 18,24,863 (Rs. 13,99,724 plus Rs. 4,25,139) leaving a balance of Rs. 23,68,646 for recovery. The following table compares the figures for the last three years:—

YEAR.	DEMAND.						BALANCE.						REMARKS.

(b) From the details in Statements I and II appended to the report which refer to Mal and Debutter Land Revenue it will be seen that as compared with 1933-34 there was a gross decrease of Rs. 80,105 and a gross increase of Rs. 43,578 in the current demand or a resultant net decrease of Rs. 36,527.

For facility of reference the different items of increase and decrease are shown in the following table:—

(c) The increase obtained by the resettlement of Khas and Relinquished jotes, of khas and payasthi lands as also by assesment at frontage rate amounted to Rs. 21,853 against Rs. 3,908 of the previous year. The decrease amounting to Rs. 68,557 due to relinquishment, to jotes being made khas and to diluvion thus exceeded the increase by Rs. 46,704 and there was a net decrease of Rs. 36,527 which may mainly be attributed to jotes in arrears made khas.

(d) The collection for the year under report (Rs. 14,06,602) fell short of the current demand by Rs. 4,30,885 but increased by Rs. 2,40,993 over the average collections for the preceding two years and over the collection of the previous year by Rs. 2,65,127. Of the unrecovered balance of Rs. 23,68,646 shown in the table in paragraph 3.above, Rs. 3,16,613 was due at the close of the year from the Estates under the management of the Court of Wards.

The following table compares the collections in each Sub-divisional office during the last two years:—

The percentage of total collection on the current demand was 76.55 against 60.91 of the previous year. The increase by 15.64 was due mainly to the fact that a large number of the jotes made khas at revenue sales were resettled or restored to the ex-jotedars on payment of the arrears of revenue and that the revenue sales for the defaults in the Falgoun Kist of 1340 B. S. took place entirely in the case of Mathabhanga Sub-division and partly in Sadar Sub-division in April instead of March, 1934.

(e) As shown in the table in paragraph 3 (a) the balance outstanding at the close of the previous year amounted to Rs. 23,10,685, while that brought forward in the accounts for the year under report was Rs. 23,56,022 showing an increase of Rs. 45,337. There was a gross increase of Rs. 47,244 due to settlements concluded during the year under report with retrospective effect and cancellation of khas order in respect of Gazetted khas jotes and rectification of mistakes and a gross decrease of Rs. 1,907 being the amount mainly on account of rectification of mistakes and diluvion resulting in a net increase of Rs. 45,337 in the arrears. Out of the net arrears of Rs. 23,56,022, Rs. 2,36,348 was collected during the year under report and Rs. 5,015 was remitted leaving an unrealised balance of Rs. 21,14,896.

The amount remitted out of the arrear demand (Rs. 23,56,022) together with the amount written off out of the current demand (Rs. 18,37,487) makes a total of Rs. 4,25,139 on account of remissions granted during the year due to the economic distress prevailing in the State.

(f) The total number of jotes shown on the Revenue Roll was 24,847 against 25,231 of the previous year. Although there was increase in the number of jotes due to settlement and cancellation of khas order there was a net decrease of 384 jotes due mainly to jotes made khas for non-payment of revenue. 19,844 jotes were advertised for sale at different kists for arrears of revenue out of which 1396 were actually sold. The number of cases in which sales were annulled was 319. The penalties realised amounted to Rs. 1,194 and Rs. 1906 was due to auction purchasers under Sub-section 5 of Section XXVII of the Revenue Sale Act.

(g) There were 4,575 cases under the Public Demands Recovery Act of which 3,508 were disposed of and 1,067 cases remained pending at the close of the year. Recoveries by this procedure amounted to Rs. 2,44,915 against Rs. 66,034 of the previous year.

(h) *Cooch Behar Town*.—The current demand of Land Revenue of the Town was Rs. 20,368 against Rs. 21,218 of the previous year showing a decrease of Rs. 850 as detailed below :—

Particulars of increase.	Amount. Rs.	Particulars of decrease.	Amount. Rs.
Increase due to settlement of khas lands ...	58	Decrease due to acquisition of land for State purposes ...	313
Increase due to settlement of Jotes made khas under Section 19 of the Revenue Sale Act ...	407	Decrease due to decrease in Revenue for Jotes made khas under Section 19 of the Revenue Sale Act ...	1,002
Total ...	465	Total ...	1,315

Together with the arrear demand of Rs. 8187, the total demand amounted to Rs. 28,555, out of which Rs. 19,216 including an excess payment of Rs. 1,292, was collected and an amount Rs. 2,364 was granted as remission leaving a balance of Rs. 8,267 at the close of the year against Rs. 8,038 of the previous year. Out of the total balance Rs. 1,135 was out of the current demand and Rs. 7,132 out of the arrear demand. Of the total balance shown above a sum of Rs. 3,511 represents arrears due from the Court of Wards.

(i) *Khas Tahsil*.—1672 jotes made khas under the Revenue Sale Act were under Khas Tahsil during the year under report. The actual occupants of the soil were recognised as tenants directly under the State. The number of such tenancies was 13,581 with an annual rent of Rs. 1,94,936. Owing to the general remission of 4 annas in the rupee, the demand for the year amounted to Rs. 1,46,202. One Tahsil Office in charge of a Tehsildar was established

in each of the five Sub-divisions of the State. The total collection of rent during the year amounted to Rs. 70,749.

(j) *General Remarks.*—There was no appreciable improvement in the economic condition and prices of agricultural products. This year also a remission of Revenue amounting to Rs. 4,25,139 was granted to the jotedars unconditionally at the rate of annas four in a rupee in the current as well as in the arrear demands for 1340 B. S. For facility of collection the Revenue Sale Act was amended by Act III of 1934 and Regulations I and II of 1934 were revoked.

4. **Crops and condition of people.**—The rainfall registered during the year at the Sadar Station was 131·58 inches against 111·15 inches of the previous year and the normal rainfall of 123·85 inches. The statement given below shows distribution month by month :—

The weather conditions were not quite favourable to the growth of jute and bitri paddy. Severe hailstorm during April, 1934, in some portions of the Dinhata Sub-division caused damage to the standing crops as also to houses and trees.

The price of common rice ranged from Rs. 2-8 to Rs. 3-12 per maund; of mustard seed from Rs. 3-4 to Rs. 3-12 per maund; of jute from Rs. 2-12 to Rs. 4 per maund, and of tobacco from Rs. 5-6 to Rs. 9 per maund. Small-pox prevailed in an epidemic form in some parts of the Sadar Sub-division which was responsible for 192 deaths out of 911 cases of attack. There were sporadic cases of small-pox in the other Sub-divisions.

5. **Agriculture.**—The department was under the control of the Revenue Officer of the State throughout the year, the immediate charge being held by Sreejut Gomaaj Behari Basu, Agricultural Officer.

The Agricultural Officer was out on tour for 152 days and passed 102 nights in the interior and did demonstration and propaganda work mainly in connection with profitable substitute crops on economic basis and jute restriction.

Of Aus paddy 6 maunds of Kataktara, of Haimantic paddy 3 maunds of Indrasail, 2 maunds of Lotisail, 3 maunds of Dudsar and 2 maunds of Chinsura No. 2; of tobacco seeds 50 tolas of Bhengi, 100 tolas of Motihari, 15 tolas of Sumatra (exotic) and 10 tolas Pennsylvania; 5 srs. of Garo Cotton seeds, 10 maunds of D. 154 Capsularies jute seeds and of vegetable seeds, 6 maunds of Darjeeling Hill Potato, 2 srs. of Radish, $\frac{1}{2}$ sr. of Spinach, 10 tolas of Cabbage and Cauliflowers and 3 maunds of Maize for fodder were partly sold and partly distributed free to the intending growers.

The result achieved in the demonstration areas opened in the fields of the local growers by the Agricultural Officer was satisfactory. In order to train the people in the manufacture of gur and sugar they are being induced by practical demonstration to cultivate sugarcane and the area under the crop is being gradually extended. 4 crushing mills were hired out for the growers. About 434 maunds of gur and sugar were manufactured. As sugarcane is a paying crop and considerable profit is made by manufacture of gur and sugar

the local cultivators take interest in the demonstration and extension of *gur* manufacture to tide over to some extent the present economic difficulties.

Jute restriction propaganda.—In order to bring home the scheme to the cultivators, the Agricultural Officer visited the important jute growing areas and attended meetings in this connection in all the Sub-divisions. The necessity of reducing jute cultivation with advantage was explained to the people who appreciated the situation and voluntarily agreed to reduce its cultivation by 5 annas.

A total expenditure of Rs. 2,393 was incurred during the year against Rs. 2,463 of the year previous showing a decrease of Rs. 70 only. The total receipt during the year was Rs. 93 only against Rs. 128 of the previous year showing a decrease of Rs. 35 only. Rs. 99 for hire of mills remained to be adjusted during the year under report.

6. Survey and Settlement.—The annual inspection of the boundary pillars was not taken up this year also on account of economic depression.

The number of cases which remained pending with the Canoongoes at the end of the previous year was 273 and 1962 cases were made over to them for enquiry. The total number of cases for enquiry was thus 2235 against 2688 of the previous year showing a decrease of 453 cases. Enquiries were completed in 2003 cases and 232 cases remained pending at the close of the year. The following table shows the number of cases enquired into in each Sub-division:—

Name of Sub-divisions.	Total for enquiry.	Number enquired into.	Number returned without enquiry.	Pending at the close of the year.
Sudder ...	1,059	965	...	94
Tufangunj ...	341	292	...	49
Mekligunj ...	327	298	...	29

7. Boundary Commission.—The boundary between the Cooch Behar State and the Rangpur district and of a few chhits was adjusted in 1933-34. In the final report of the Commissioners it was suggested that the demarcation of the other enclaves of Rangpur within the State and those of the State within Rangpur district would be taken up in the cold weather of 1934-35. Accordingly Mr. A. C. Hartley, I. C. S., Settlement Officer of Rangpur, was nominated Boundary Commissioner on behalf of the Government of Bengal and Sreejut Nirmal Chandra Mustafi, B. L., Naib Abilkar, Mathabhanga, was nominated Boundary Commissioner on behalf of the State. The actual work started on the 5th February, 1935, and ended on the 14th March, 1935, with a short break from the 23rd February to the 1st of March, 1935. The instructions laid down in Government letter No. 1057 T. R., dated 11th August 1919, Revenue Department, Jurisdiction Branch, were also followed during the operation.

During the period, 21 chhits of the State and 33 chhits of Rangpur were taken up and marked with 190 bamboo pegs to be replaced by the same number of ferro-concrete pillars. Besides these 69 old masonry pillars and one ferro-concrete pillar were found in existence on the boundary.

The nature of gain and loss to the State cannot be ascertained unless the report is finally accepted by the respective authorities.

An amount of Rs. 1,714 has been expended by the State in connection with the Boundary Commission for the Establishment, travelling allowances and Contingent charges.

The moiety of Rs. 2,825 for the construction and replacement of 372 ferro-concrete pillars used in the last year by the Commissioners, was paid by Government and credited to Treasury by Regency Council chalan No. 134 dated 23rd March 1935.

8. Revenue Cases. 4556 cases were instituted during the year under report and 4214 cases were pending from the previous year. The total for

disposal was thus 8770 of which 7218 cases were disposed of and 1552 cases remained pending at the close of the year under report.

9. **Cases in which the State was a party.**—There was no case instituted during the year in which the State was a party.

10. **Correction of Terijes.**—According to the Regency Council Notification dated the 29th August, 1930, correction of terijes etc., was duly made in the year under report on payment of costs by private parties. An amount of Rs. 8-3-6 was collected on this account.

11. **Nezarat.**—The following table compares the work done during the last 2 years :—

Year.	Process served free Of charge.	Process for realisation of arrears of revenue for which fees were realised afterwards.	Processes for which fees had been realised.	Total number of processes.	Amount realised.		Expenditure.
					Rs. A. P.	Rs. A. P.	
1913-34	4,840	7,234	10,755	22,329	10,931 8 0	10,882 14 11	
1934-35	4,982	6,322	11,338	21,812	9,706 14 0	8,600 9 0	

Thus it will appear that there was a decrease of 1017 in the number of processes and the process fee realised decreased by Rs. 1,224-10-0.

12. **Communication Improvement Cess.**—The current demand during the year under review was Rs. 1,943 against Rs. 1,942 of the previous year shewing an increase of Re. 1 only. This was due to the fact that a holding which was struck off the Towji Register long ago, was included in it on the basis of the revisional settlement record. The arrears amounted to Rs. 1,312 against Rs. 1,155 of the previous year. The outstanding balance at the close of the previous year was Rs. 1,284 whereas the amount brought forward in accounts of the current year was Rs. 1,312 showing an increase of Rs. 28. It was due to the inclusion of a holding in the register with retrospective effect. The total demand was, therefore, Rs. 3,255 against Rs. 3,097 of the previous year. Rs. 1,655 was collected during the year under report against Rs. 1,834 of the previous year. The excess collections or collections made against future demands amounted to Rs. 30 against Rs. 21 of the previous year. The collection made during the year under report fell short of the current demand by Rs. 288. The balance left unrealised at the close of the year was Rs. 1,630.

13. **Cattle Pounds.**—The number of cattle pounds in the State was 114 against 111 of the previous year, the Hemkumari Pound in the Mekligunj Sub-division having been re-established and 2 new pounds, 1 at Dhar Nageswari in Mekligunj and 1 at Dasiarchhara in Dinbata, being established.

The following statements show the receipts and expenditures of the Pound Fund for the year under report :—

* Rs. 648 and Rs. 579, the amounts shown against item 6 under Tufangunj and Mekligunj respectively of the last year's report were clerical errors.

Together with the arrears balance of Rs. 938, the total bid to be realised was Rs. 11,995 against Rs 11,426 in the previous year, of which Rs. 10,972 was collected, leaving a balance of Rs. 1021 as unrealised. Rs. 298 was derived as sale proceeds of unclaimed impounded cattle and miscellaneous receipts.

The total collection was thus Rs. 11,270 against Rs. 10,944 in the previous year.

From the beginning of the year 1934-35, the revenue derived from the Cattle Pounds has been included in the State Revenue and the entertainment of separate clerks and peons for the Pound work has been dispensed with (*vide*) Regency Council letter No. 2365 dated the 1st, January 1934. The various grants which used to be paid from the Pound Fund to the several Town Committees and Sub-divisional Towns have been transferred from the Pound and provided as State grants.

14. Emigration and Immigration.—11 persons immigrated into the State all in Mathabhanga Sub-division, and 3 persons emigrated from the Mathabhanga Sub-division. There was no case of emigration or immigration in the other Sub-divisions.

The total amount of tolls collected from the carts together with miscellaneous receipts came up to Rs. 4,619 during the year under report against Rs. 3,835 of the previous year showing an increase of Rs. 784. The expenditure during the year under report was Rs. 1,786 against Rs. 1,365 of the previous year showing an increase of Rs. 421 due to increment of pay of the Establishment and Travelling Allowances.

Haldibari Bundar is of late declining, the main cause being the slump in the market for a few years and to the opening of a new Railway line, called Dinajpur-Ruha line. A large portion of the jute traffic has been diverted from Haldibari to this direction. As stated in the previous year's report if some new business such as the establishment of a Hessian Mill could be introduced here, the Haldibari Bundar might return to its past prosperity.

Other important Bundars *viz*: the Bundars at Jamaladah, Changrabandha and Mekligunj in the Mekligunj Sub-division, Chowrahat and Choudhurirhat in Dinhat, Buxirhat Bundar and the Balarampur Bundar in the Sub-division of Tufanganj are all declining for the world trade depression and for deterioration of roads in the State.

13603 maunds of tobacco, 17373 maunds of jute and 11232 maunds of paddy were exported from the Calicagunj Bundar at Mathabhanga during the year under report against 2256 maunds of tobacco, 1612 maunds of jute and 8389 maunds of paddy of the previous year.

The Gadadhar and the Sivaratri Mela at Banaswar were leased out at a total jama of Rs. 358 but owing to the outbreak of small-pox, the melas were stopped and the bid money refunded. The income from the Baruni Snan Mela at Kalighat in the Sadar Sub-division was Rs. 15 against Rs. 22 of the previous year.

The increase both in receipt and disbursement was mainly due to increase in Government transactions owing to re-establishment of Postal connection in the last portion of the previous year.

The above receipts and disbursements also include the money remitted to the Imperial Bank of India, Calcutta, to be placed in the Current Deposit account and the amount paid by them which are, respectively, Rs. 5,12,521 and Rs. 4,78,196.

Of the 1229 cases of all classes including 85 pending from the previous year, 94 were refused enquiry, while 1135 were investigated with the result that 481 were sent up for trial, 573 were returned as true, undetected, 31 as intentionally false, and 34 as false due to mistake of law or fact or as non-cognizable. 88 cases remained pending trial or under investigation at the close of the year.

16. **Vagrancy and Bad Character.**—49 persons in 32 cases were prosecuted during 1934-35 under the preventive sections 109 and 110 of the Criminal Procedure Code as against 37 persons in 26 cases during the preceding year. 31 persons were bound down and 1 was discharged as against 16 and 8 respectively in the previous year. 2 persons in two cases were otherwise disposed of without trial (1 died and the case against 1 was withdrawn) and 18 cases with 15 persons, remained pending at the close of the year. Action of Police for prevention of crime was thus more satisfactory during the year under review.

17. **Arms Act.**—312 licenses were issued during the year as against 339 in the previous year.

Two cases against 3 persons were instituted under the Arms Act during the year. Both cases ended in conviction and 1 person was acquitted.

18. **Investigation of cases by the Police.**—The following statement will show the rank of officers who investigated Police cases started by F. I. Report during the year :—

23. **Escort.**—Treasure amounting to Rs. 30,75,240 belonging partly to the Government of Bengal and partly to the State was escorted by the State Police as against Rs. 21,85,947 in the preceding year.

The number of prisoners escorted by the Police during the year was 470 against 314 of the previous year. The increase is due to the increase in the number of cases.

24. Drill and Target Practice.—The Special Armed Force was under regular drill and the thana Constables and the Town Police at Sudder joined once a week for Muster l'arade as usual.

Out of the actual strength of 272, some 133 including Sub-Inspectors, Assistant Sub-Inspectors, Head Constables and Constables were put through target practice. Barring cases of sickness and old age the whole of the Armed Force, the whole of the Mobilization Staff, and over half the remainder of the Force, received musketry training which began with aiming drill and ended with the firing exercises.

60 Muskets (410 bore) and 2400 rounds of ball, 800 rounds of buck-shot and 500 blank cartridges were indented for during the year.

25. Casualty, Retirement and Resignation.—One Assistant Sub-Inspector and 10 Constables were discharged from the Force and of these, 2 Constables retired on pension, 1 Constable left on resignation, 2 were dismissed, 1 Constable died and the remaining 4 Constables and the Assistant Sub-Inspector were discharged either for unsatisfactory antecedents while on probation, or for overstaying leave or for desertion.

26. **Health of the Force.**—The health of the Force was normal. Altogether 182 officers and men were admitted into hospital including 1 Sub-inspector, 1 Assistant Sub-Inspector and 12 Head Constables, repeated admission of the same patient being shown as so many different patients.

27. **Good Conduct Allowance.**—At the close of the year 18 men were drawing the allowance at \$1 each per month as against 14 in the previous year. One man retired on pension during the year.

28. **Fire Brigade.**—2 Constables were attached to this Force up to 28th February, 1935, when this department was suspended and the 2 Constables were absorbed in the Armed Force.

29. **Town Police.**—The strength of the force at the towns of Cooch Behar, Dinbata, Mathabhanga, Haldibari and Mekligunj remained the same as in the previous year. Their work did not call for any serious unfavourable notice although the Sudder and Mathabhanga Town Police, being under closer supervision, were punished occasionally for neglect of duty. One Town Chowkidar of Sudder was dismissed for deserting the Force.

30. **Rural Police.**—The following table shows the rewards paid to or fines realised from village Chowkidars during the last two years :—

		1933-34.	1934-35.
A. CASE WORK	No. of Chowkidars	26	20
	Amount of Rewards	106	100

31. **Chowkidari Department.**—The following table shows the number of Chowkidars, Panchayets and their collecting members employed during the year under review together with the number of villages served by them :—

Names of Sub-divisions.	No. of Chowkidars.	No. of Panchayets.	No. of Collecting members.	No. of villages served.

Mekligunj	222	245	61	243
Tufangunj	211	128	70	126
Total	1,563	1,564	385	1,211

The total number of Chowkidars was 1,563 and the total number of Panchayets 1,564 against 1,568 Chowkidars and 1,559 Panchayets in the previous year. In last year's report the number of Panchayets in Tufangunj Sub-division was wrongly shown as 242 for the correct number 124. The correct total number for the State was therefore 1,559 and not 1,677 as shown in the report for 1933-34. There was a slight improvement in the payment of the pay of the Chowkidars by the Panchayets during the year of report. The maximum and the minimum pay of the Chowkidars was Rs. 6 and Rs. 4-8 per month respectively as in the previous years.

The following statement shows the demand and realisation of the Chowkidari Fund for the year under report :—

Oil pressing.—326 maunds, 8 seers and 8 chattaks of Mustard seeds and 15 maunds, 21 seers and 8 chattaks of Til seeds were pressed in the mills of the Jail during the year, yielding 104 maunds, 25 seers and 4 chattaks of oil and 219 maunds, 34 seers and 4 chattaks of oil-cake, as compared with 235 maunds, 13 seers and 8 chattaks of mustard and 17 maunds, 24 seers of Til seeds yielding an outturn of 77 maunds, 14 seers and 5 chattaks of oil and 170 maunds, 5 seers and 1 chattak of oil-cake in the previous year. The profit from this Industry was Rs. 620-1-6 against Rs. 546-13-9 in the previous year, showing an increase of Rs. 74-3-9.

Aerated waters.—19878¹ bottles of Soda water and 27753 bottles of Lemonade were manufactured and sold during the year for Rs. 983-4-9 against 23115 bottles of Soda and 35427 bottles of Lemonade for Rs. 1,155-9-9 in the previous year. There was a loss of Rs. 167 under this industry against a profit of Rs. 310-1-9 in the previous year. This was probably due to decrease in the sale caused by the sudden stoppage of hawking in the streets of the town by the convicts, but in addition there was most probably much loss of gas either from leakage, or during manufacture, as the minimum number of bottles of aerated water should have been 60,000 instead of 47,631.

Wheat grinding.—48 maunds, 2 chattaks of wheat were ground during the year yielding an outturn of 31 maunds, 15 seers and 8 chattaks of *atta* and 4 maunds, 31 seers and 10 chattaks of bran which afforded a profit of Rs. 55-12-9 against Rs. 75-10-0 in the previous year. The decrease of Rs. 19-13-3 was due to the increased purchase price of up-country wheat (Dudhia gam) while the sale price of *atta* of Jail manufacture remained as before.

Weaving and Tailoring.—This Industry is maintained for preparing Durrees, Ashon, Jharons, Bed-sheets, Chadors etc. for sale, and Doshuti cloth for making prisoners' clothing. The profit on this Industry was Rs. 760-11-6 against Rs. 440-2-0 in the previous year showing an increase of Rs. 320-9-6.

Jute work.—This Industry is maintained for twisting jute string and weaving gunny cloth for sale. The profit derived from this Industry was Rs. 207-6-9 against Rs. 165-10-6 in the previous year, showing an increase of Rs. 41-12-3.

Gardening.—The profit under this head was Rs. 183-2-9 against Rs. 555-9-3 in the previous year showing a decrease of Rs. 372-6-6 which was due to loss of winter season crop owing to untimely rains.

Hire of convicts.—A sum of Rs. 16-2-0 was realized on account of hire of convicts against Rs. 10-4-0 in the previous year showing an increase of Rs. 5-14-0.

Dal grinding.—203 maunds and 7 seers of pulses were ground during the year yielding an outturn of 140 maunds, 30 seers and 2 chattaks of Dal

and 62 maunds, 11 seers and 6 chhattaks of Bhushi. The profit on this industry was Rs. 158-10-3 against Rs. 27-1-3 in the previous year showing an increase of Rs. 131-9-0 which was due to the fact that the industry in the previous year was in its primitive stage.

Dairy.—Four additional cows were purchased locally for Rs. 98-1-0, and the total number of cows was six at the close of the year. The profit under this head was Rs. 71-8-0 against Rs. 39-4-9 in the previous year.

Bakery.—A Bakery was started during the year. The profit under this head was Rs. 218-4-6.

Paddy husking.—In order to meet the consumption of rice by the prisoners a paddy husking industry was started. 762 maunds and 31 seers of paddy were husked yielding an outturn of 390 maunds and 12 seers of rice and 95 maunds, 17 seers and 12 chhattaks of Khudi (Broken rice). The profit under this head was Rs. 374-1-0.

It will appear from the foregoing table that the total number of Middle English Schools increased from 24 to 26. Of these 25 were aided and 12 unaided, against 23 aided and 2 unaided during the preceding year. Three of the best Middle Vernacular Schools were raised to Middle English status and one of the two unaided Middle English Schools ceased to exist for want of adequate local support. On the last day of the year under report there were 1,420 pupils on the rolls of these 26 schools against 1,158 of the preceding year. The Middle English Schools have been steadily gaining in popularity inasmuch as both the number of schools and that of pupils increased noticeably during the year. Percentage of attendance also improved from 73.2 to 75.0 during the year. The expenditure on these schools amounted to Rs. 14,371 of which Rs. 7,232 was contributed by the State and the remainder, Rs. 7,139 by the people. The corresponding figures for the year preceding were Rs. 12,565, Rs. 6,051 and Rs. 6,514. It will thus appear that with the increase of 2 in the number of Institutions of this class the State's share increased by Rs. 1,181 and that of the people by Rs. 625.

As in previous years the number of Model Schools including the Sudder Middle English School stood at 13. The others were Middle Vernacular Schools.

The Sudder Middle English School is the model of a Middle English School in the State. Since its inception the Institution has been gaining steady popularity. During the year under report the school enrolled 217 pupils with a fee collection of Rs. 1,905 as compared with 186 pupils and a collection of Rs. 1,421 during the previous year.

The number of pupils on the rolls of these Model schools, on the 31st March last, was 726 with an average daily attendance of 540. The figures on the corresponding date of the year preceding were 669 and 490, respectively, showing a slight increase from 77.0 to 78.9 in the percentage of attendance.

The expenditure on these schools amounted to Rs. 10,821. The State paid Rs. 7,916, and Rs. 2,905 were realised from school fees. The corresponding figures for the previous year were Rs. 10,624, Rs. 8,298 and Rs. 2,326 showing an increase of Rs. 384 in the amount of school fees, which was mainly due to the increase of pupils in the Sudder Middle English School. The State's share of the expenditure, therefore, diminished by Rs. 382.

These schools sent up for the various scholarship Examinations 72 candidates in all, of whom 59 passed. The figures for the year preceding were 65 and 51, respectively. The percentage of passes rose slightly to 83.0 from 79.6 of the previous year.

12. Middle Vernacular Schools.—The number of Middle Vernacular Schools, maintained during the year under report, fell to 10 against 12 of the previous year. Of these the Sudder Madrasa catered for Urdu, Arabic and Persian Education and the Sudder Nagri School besides teaching English and Bengali, offered special facilities for Nagri Education. These schools had on their rolls, on the 31st March last, 533 pupils with an average daily attendance of

354, against 703 and 496, respectively, in the previous year. The percentage of attendance also fell from 74.0 to 70.8.

The total expenditure on these schools came down to Rs. 2,623 of which the State contributed Rs. 1,745 and Rs. 878 was derived from local sources. The corresponding figures for the preceding year were Rs. 4,298, Rs. 2,264 and Rs. 2,034, showing thereby a marked fall of Rs. 1,675 in the total. The average cost of educating a pupil in a Middle class school, during the year under report, was Rs. 10-2-9 and that for maintaining a school, Rs. 61-5-6 against Rs. 10-9-0 and Rs. 560-15-4 respectively, during the preceding year.

The above figures indicate that the demand for Middle Vernacular schools is on the decline and public sympathy lies with the Middle English Schools.

The Middle Vernacular schools sent up 64 candidates in the various scholarship examinations and 53 of them were successful. The figures for the previous year were 95 and 73 respectively, with a rise to 85.3 from 77.6 in the percentage of passes.

The percentage of attendance however was 71.6 against 72.5 in the year preceding.
